All files needed to run the code can be found in /scratch/gushertni/project

To test model:

Open project.ipynb
Scroll past preprocessing to "To run"
Select what data to use:
"speeches_as_csv_full.csv" contains all speeches from 1994.
"speeches_as_csv_2010.csv" only contains speeches from 2010.

Scroll down to "Testing"
Select model based on what data was chosen:
Model_Bert_Full if all data was chosen or Model_Bert_2010 if only data from 2010 was chosen.
